Free Akibia Security Analysis

Learn how to keep your New Year's resolutions by spending 90 minutes with Akibia.

An **Akibia Security Analysis** consists of a **90 minute workshop** where one of our senior infrastructure specialists will come on site to your company and help you and your team determine the efficiency of your operations and recommend cost saving solutions tailored to your individual needs. This is a great opportunity to explore your organization's unique challenges with an industry certified security expert.

In these tough economic times, it is a priority for organizations to manage their costs. You've made significant technology investments over the years, and you want to ensure that you are getting the full value from your expenditures.

Let Akibia help you to identify areas where you can leverage your existing technology investments to reduce costs, improve operational efficiency, and potentially eliminate redundant technologies.

As an independent IT solutions provider with over 20 years of experience, Akibia provides the expert consulting, integration, training and support services needed to help clients reduce costs while providing superior service and value.

For more details and to take advantage of this special offer please contact your Akibia Sales Representative or call 1-866-4-AKIBIA.
